HR SOFTWARE

THE WORK LIFE PLATFORM

HR SOLUTION

Empower your HR team with tech so that they can focus on what matters: their people

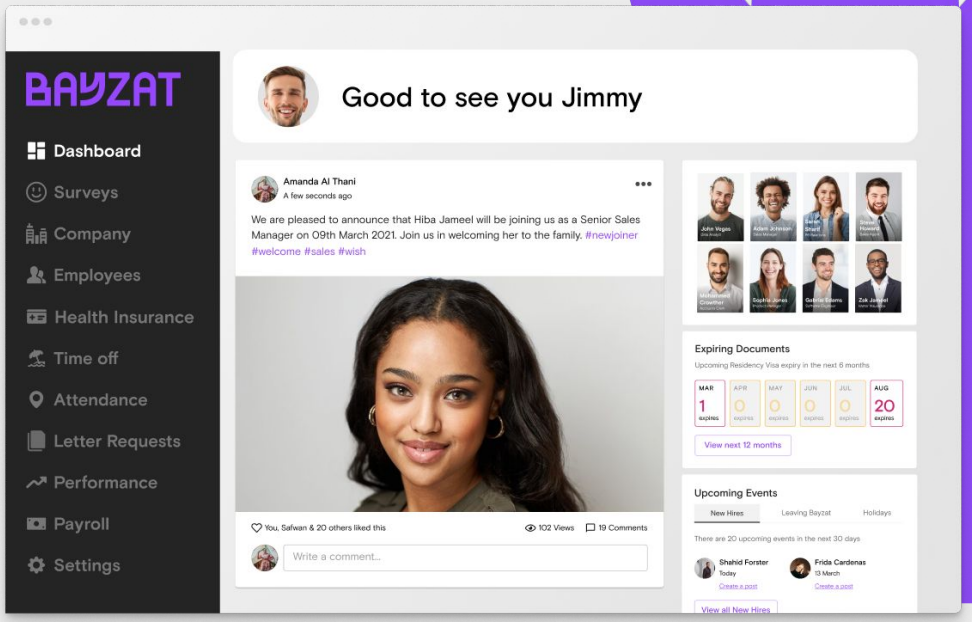
Ocr Technology	Employee Self Service	Cloud Based	Automated & Integrated
Employees can simply snap a picture of their documents or work expenses and upload them through the Bayzat app.	Give your employees access to their benefits anywhere, anytime from their mobile device.	Our HRMS platform is built on next-level technology, meaning your employees can upload their personal documents and have the peace of mind that they are secure.	Automate and streamline your HR operations by integrating HR, Attendance and Leave to your Payroll.

HR SOLUTION

By giving employers access to next-level technology and an employee experience that benefits everyone, Bayzat opens up new possibilities in your work life.

Features include:

- Hiring Management
- Attendance
- Leaves
- Timesheets
- Shift Scheduler
- Employee Records
- Letter Request
- Employee Survey
- Air Ticket Policy
- Knowledge Hub



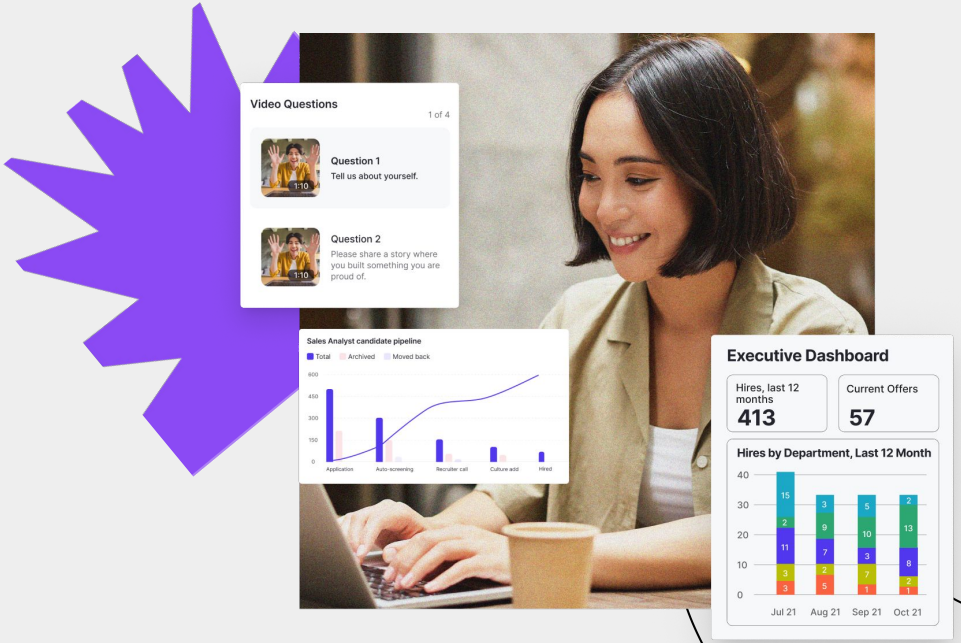
THE WORK LIFE PLATFORM

HR

HIRING MANAGEMENT

Bayzat Hiring Management is a revolutionary platform designed to streamline and optimize the entire recruitment process. With cutting-edge AI-enabled screening, simplified workflows, and robust automation, our platform expedites hiring and ensures top-tier talent acquisition.

Bayzat Hiring Management is your gateway to quicker, smarter, and more effective talent acquisition.

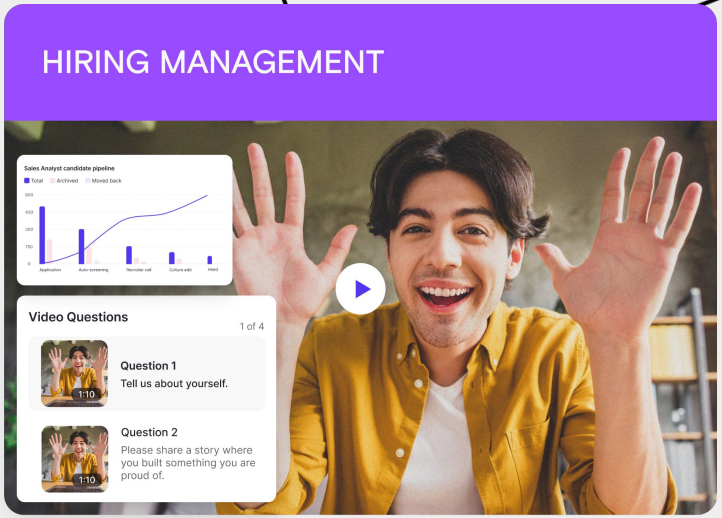


THE WORK LIFE PLATFORM

HR

HIRING MANAGEMENT

- **Hire on time, at scale:** Intelligent auto-screening including skill-based tests will help you filter out the under qualified candidates from thousands of resumes.
- **One-way video interviewing:** Reduce the number of phone screens by letting candidates record their answers to phone screen questions at their own convenience.
- **AI-Enabled screening:** From writing job descriptions to creating screening questions our AI co-pilot does it all.
- **Customize and automate hiring workflows:** Define the steps of your recruitment process based on the job requirements while automating follow-up and rejection emails.
- **Employer branded career pages:** Elevate your employer brand by creating custom, company-branded career pages.



HR

ATTENDANCE

This feature is perfect for the new norm! You can Now verify your employees are on time to start work, no matter where they are!

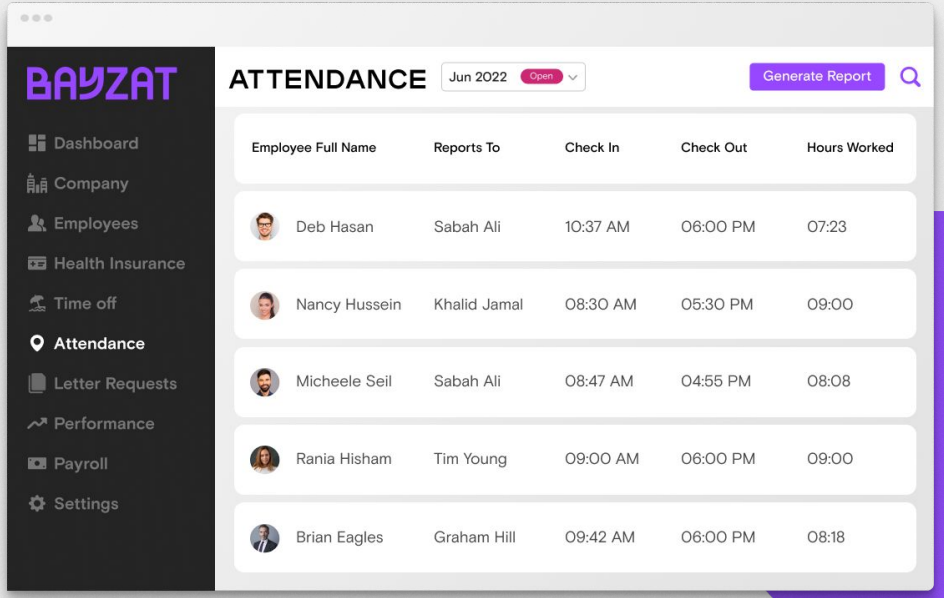
THE WORK LIFE PLATFORM

HR

ATTENDANCE

Track employees attendance using biometric devices or via the Bayzat mobile app check-in feature. Plus you can access attendance data in real-time and in one centralized view.

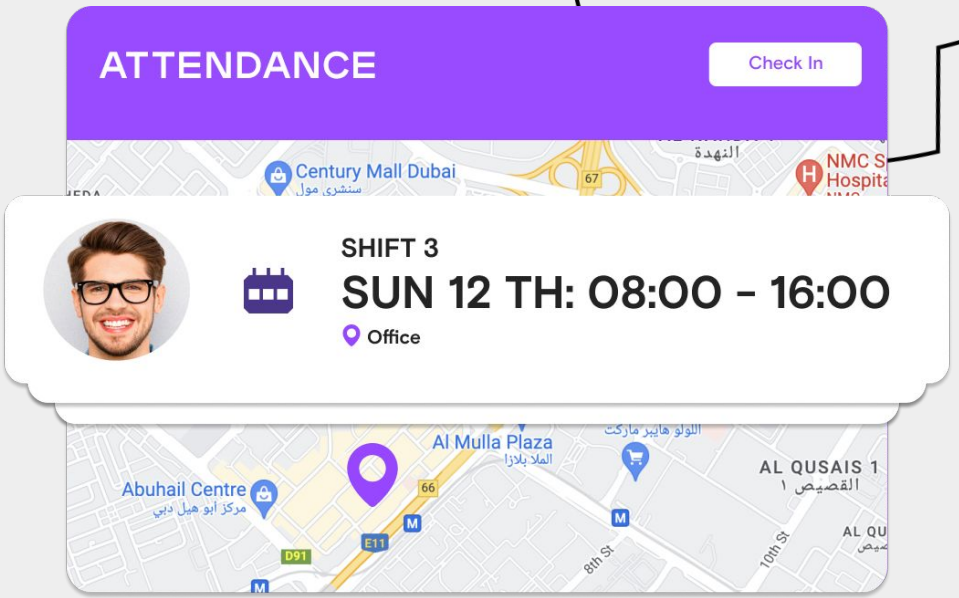
Attendance integrates seamlessly with Bayzat's Payroll, Leaves and Shift Scheduler, enabling you to have a birds-eye view of all things time & attendance.



HR

ATTENDANCE

- Verify employee attendance through geo-fencing and multiple locations
- All attendance related adjustments are automated into payroll and customisable across your organization
- Employees can request overtime through their mobile device and receive notifications upon approval

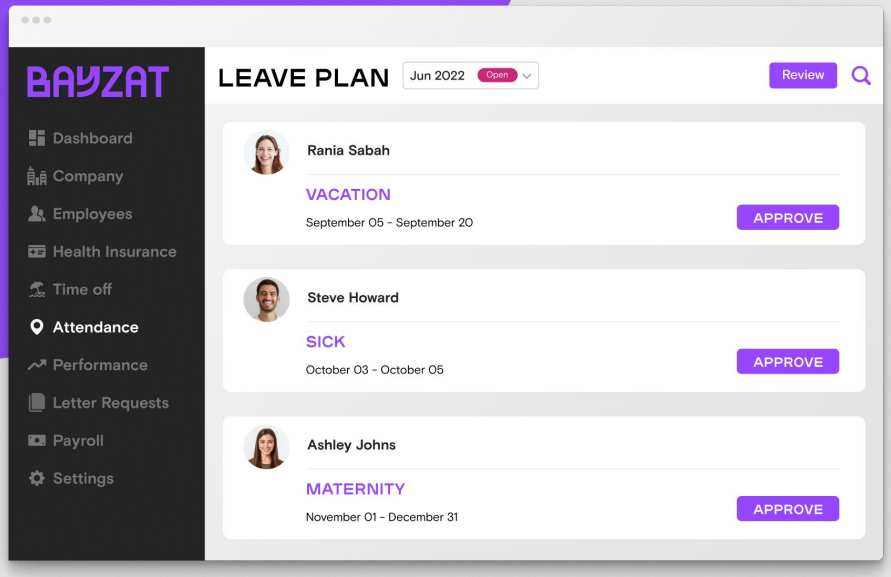


HR

LEAVES

Your employees won't even believe how fast their leave is approved.

Managing time off and comply with all local regulations with Bayzat couldn't be easier.

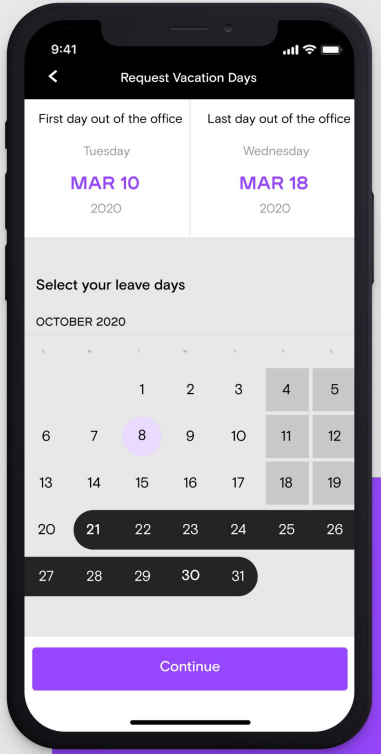


THE WORK LIFE PLATFORM

HR

LEAVES

- Manage paid, unpaid and sick leaves for all employees in one centralised location
- Track employees' leave allowances and leave history in real-time
- View leave request overlap to plan ahead more effectively
- Through the Bayzat app, employees can easily view your leave policy, request time off, see their available balances and check the status of their requests
- With a cloud-based process, there will be no more confusion over leaves or mistakes made through spreadsheets. Ensure your business is adequately covered, always
- Enjoy seamless integration between unpaid leaves & payroll

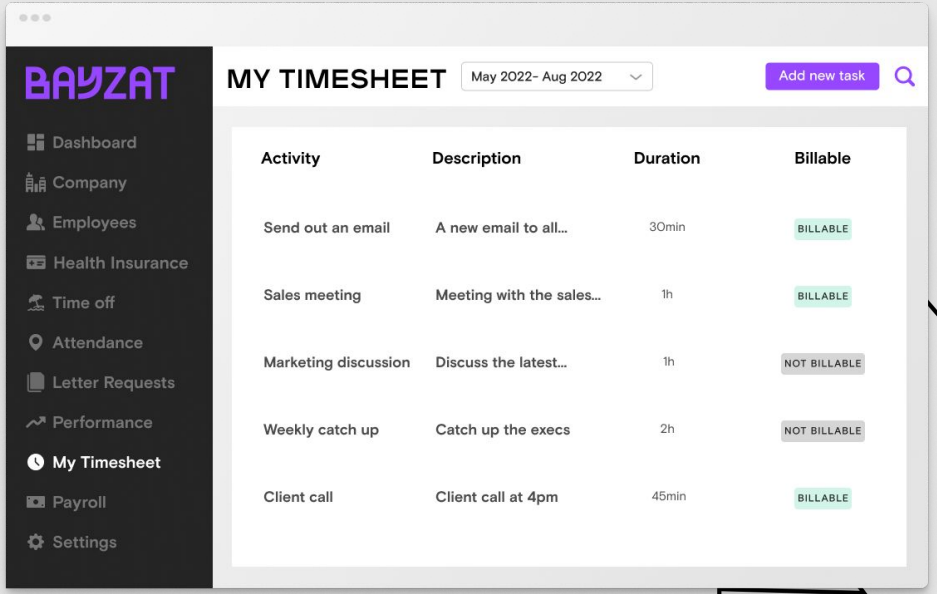


HR

TIMESHEETS

Keep your finger on the pulse by gaining visibility into what tasks your employees are working on.

Keep track of your employees tasks and timesheets from one central dashboard.

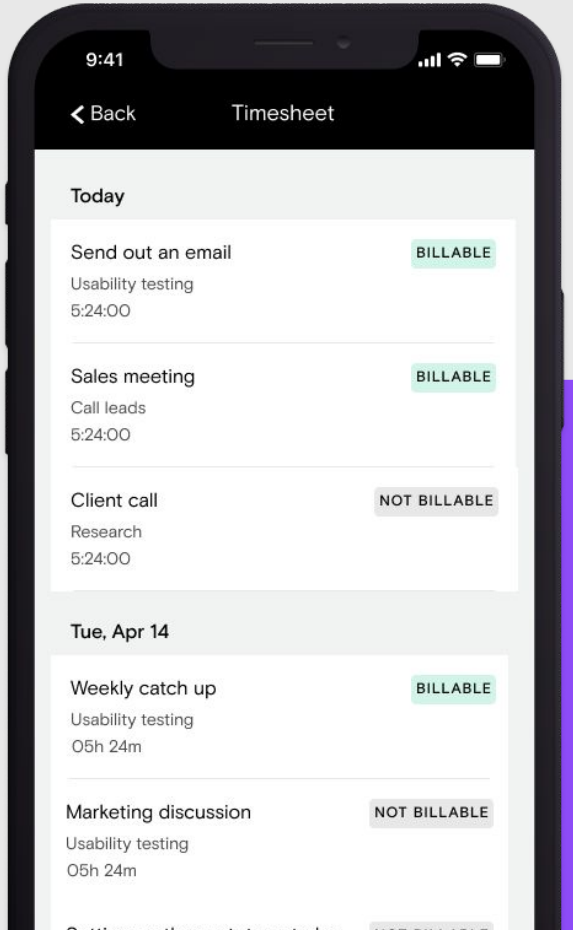


THE WORK LIFE PLATFORM

HR

TIMESHEETS

- Employees can easily add or delete their daily tasks with descriptions
- Admins and managers can view and monitor timesheets for each employee and total working hours for each team
- Track and compare employees' billable vs non-billable hours
- Automatically generate a report to share with your clients or managers

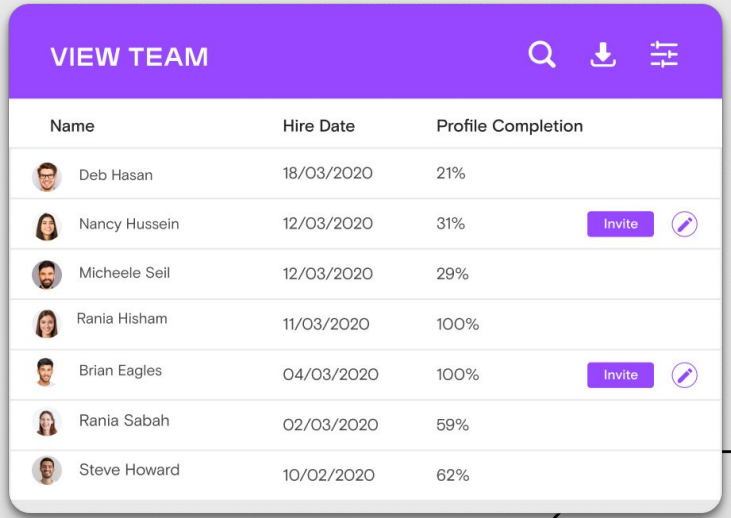


HR

EMPLOYEE RECORDS

**The days of manual data entry are over.
Smart-read technology automatically extracts
and stores key information from official documents.**

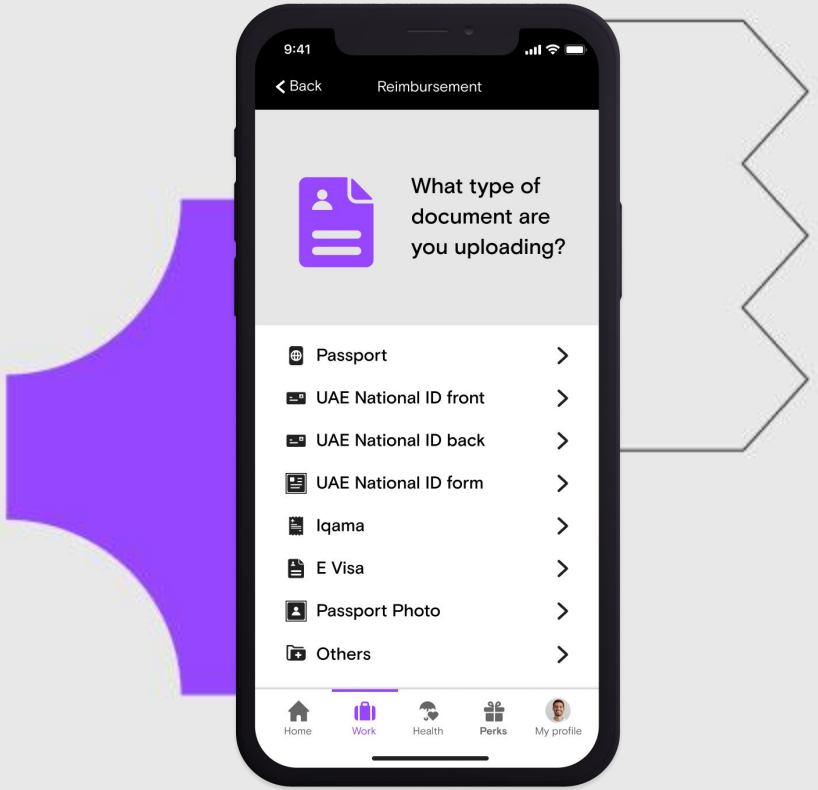
- Create employee profiles with contact information, emergency contact, dependent information and work details
- Store all your company documents including Trade Licenses, MOL Lists and Establishment Cards



HR

EMPLOYEE RECORDS

- Easily visualize your organization to forecast your growth areas in your workforce
- Assign and track any work assets to the employee or company via OCR technology where you can snap a picture and upload it
- Employees can view, download, edit and upload all their documents through mobile and desktop
- With automated storage and tracking, you and your employees can benefit from notifications and reminders when expiry and renewal dates are approaching

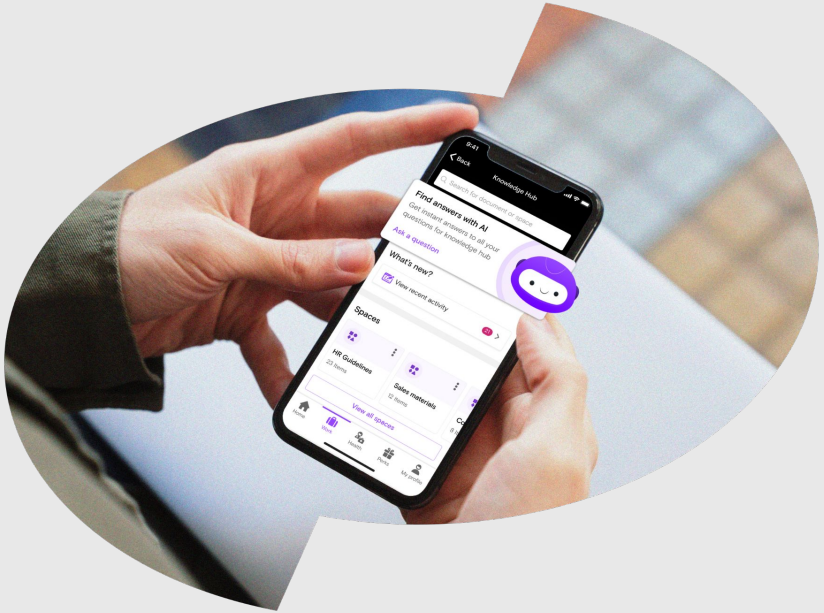


HR

BAYZAT KNOWLEDGE HUB

Our personalized AI assistant helps you harness your business knowledge and boost your productivity levels

It’s a dynamic productivity tool that leverages AI to use your company’s IP, translating knowledge into actionable insights. Knowledge Hub gives you the perfect blend of your very own AI-powered concierge and seamless collaboration platform, fueled by your knowledge management hub. Optimizing your performance by creating, managing and delivering the information you need in an instant.



BAYZAT KNOWLEDGE HUB

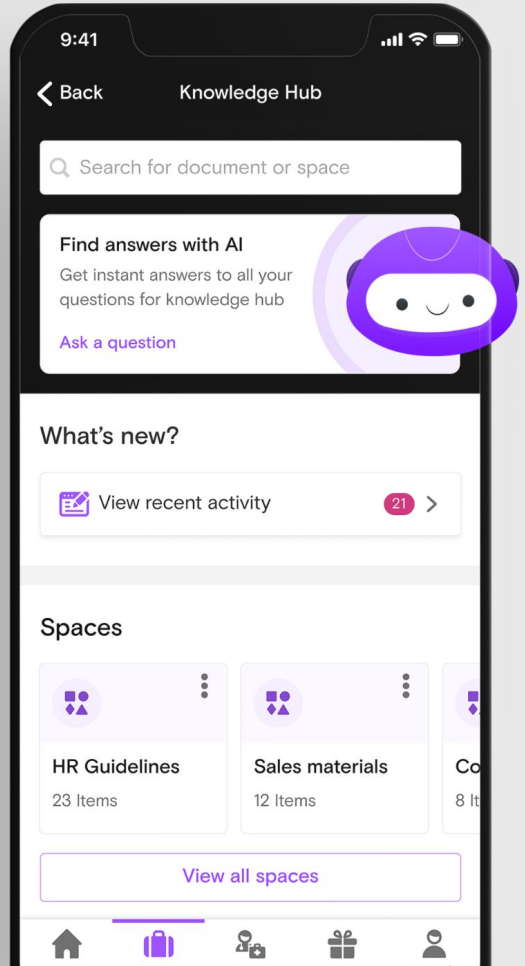
Find Policies and Procedures: Simplify compliance by ensuring easy access to company policies for a smoother workflow.

Unlock Customer insights: Deepen your understanding of your customers through relevant knowledge resources.

Multi-Language Support: Users will be able to ask questions and get the key points in any language they choose.

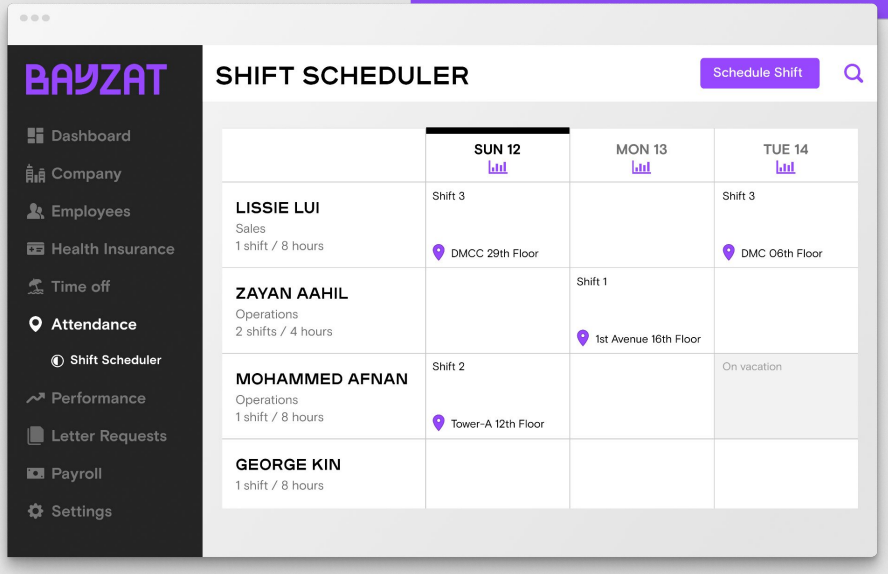


HR

SHIFT SCHEDULER

Take your shift planning to the cloud and optimize time spent on admin work.

Easily manage time off, shift switches, and see your team's' availability straight from our app.

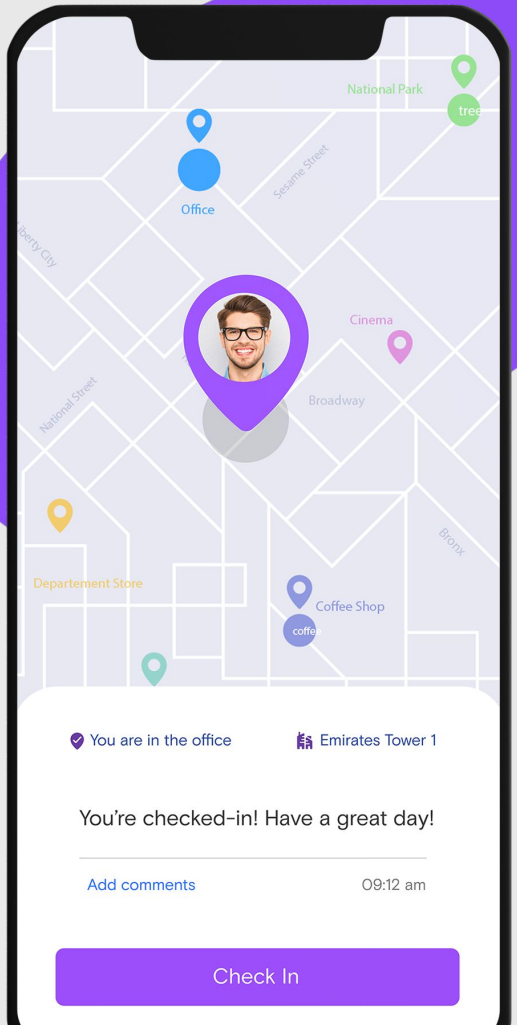


THE WORK LIFE PLATFORM

HR

SHIFT SCHEDULER

- Schedule shifts with a comprehensive overview of the employee and location
- Track shifts to minimize any overscheduling
- Schedules can be customised based on shifts, locations and employees, worked on in draft mode and only communicated when you are ready to hit send
- Plan, schedule, make ad-hoc changes to kpee up with last minute changes through our mobile experience
- Different locations can have different schedules
- Bulk actions can be made such as mass delete
- Employees can check-in and out, and manage their shifts from the Bayzat app on their mobile devices
- Get week and monthly views for better visibility and effective planning
- Copy schedules from an employee or set of employees and duplicate it for future dates

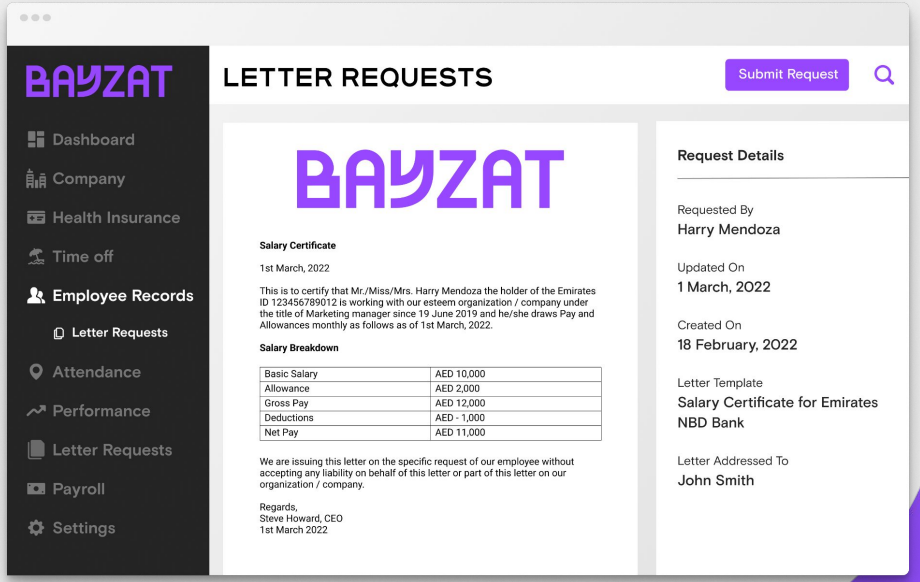


HR

LETTER REQUESTS

Documents on the go!

Automate letter requests and create
Your own customized ready-to-use
letter templates.

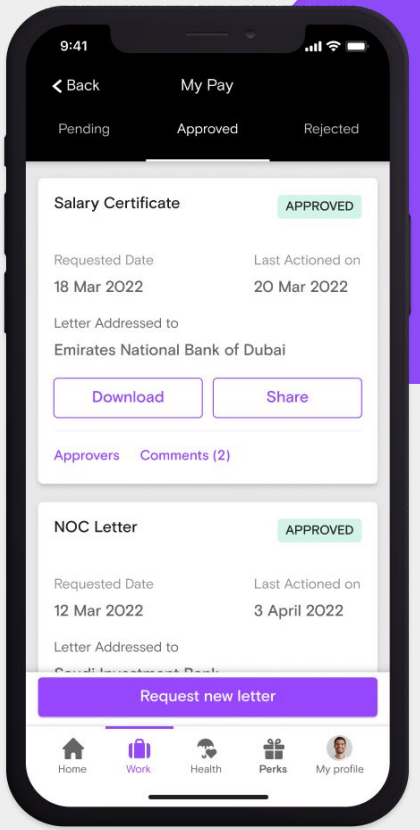


THE WORK LIFE PLATFORM

HR

LETTER REQUESTS

- All data is custom set, eliminating errors on official letter creation. Simply upload your data to Bayzat and we'll create a readymade template that's easy to download and share with your people
- Advanced approvals and processes are controlled by preset signature authorities
- Avoid human error on letters, with automated updates of data fields already present on Bayzat's platform, like the name of your employee, date of joining & salary
- Employees can easily submit requests, track outcomes and download signed letters all through the Bayzat app
- 9 Pre-set templates to choose from to make your process even easier

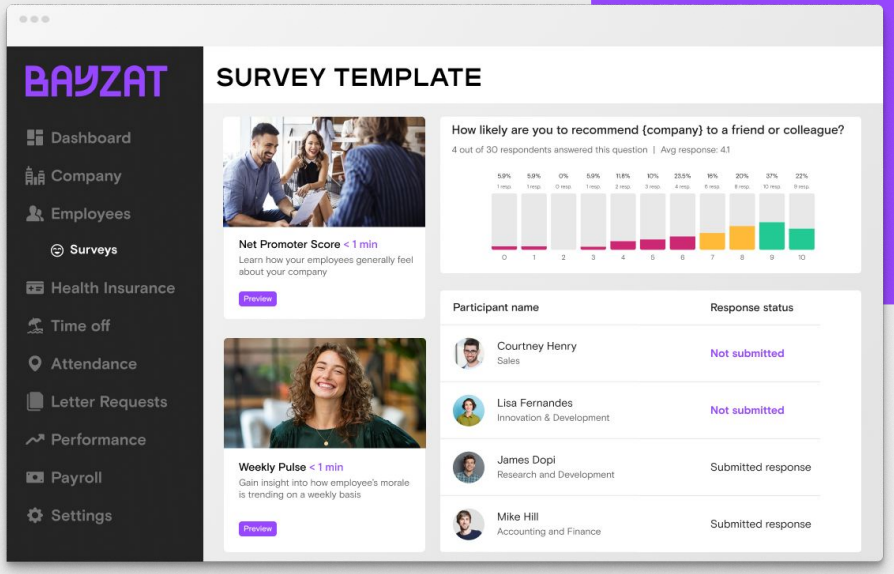


HR

EMPLOYEE SURVEY

Deploy employee surveys lightning fast!

The key to automated surveys, employee engagement and easy-to-pull reports is with Bayzat's employee survey feature.

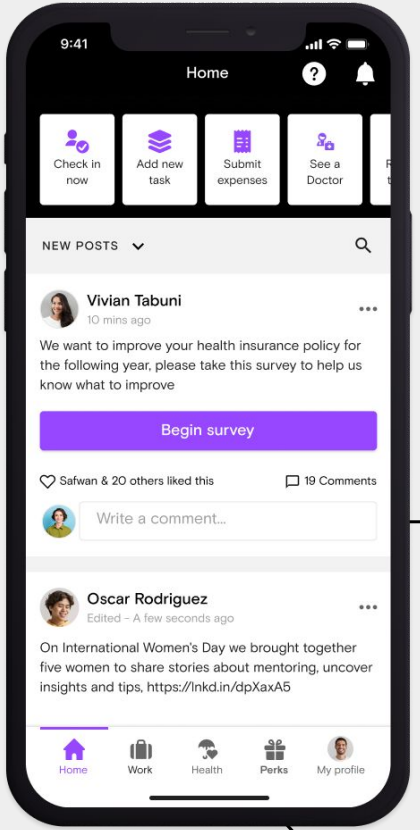


THE WORK LIFE PLATFORM

HR

EMPLOYEE SURVEY

- 6 Customisable survey templates to choose from
- Easily collect employee information and better understand their needs
- Track your responses to see who has responded
- Create and share surveys with one or more employees at a time
- Employees can access and respond to surveys from any device at any time
- The biggest benefit of them all. With employee surveys, you can find out what's causing unhappiness at your workplace. Result: happier, more productive workers

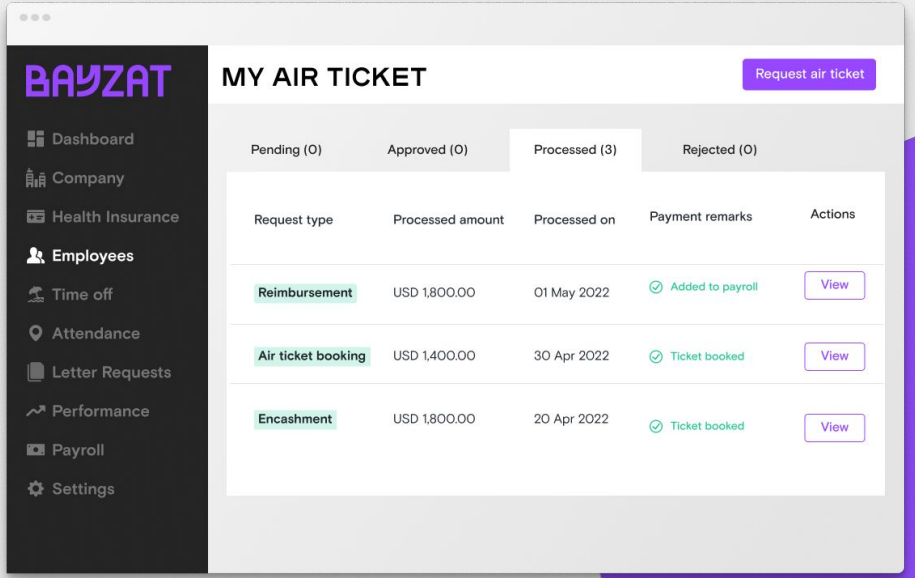


HR

AIR TICKET

Take to the skies with an Air Ticket Policy.

- Simplified approval process so you can manage your requests in an intuitive and seamless way
- Managers can create categories and update the rates per category from a single platform
- All the information you need is available at the click of a button on a single system
- Use Air Ticket Policy as a part of your Payroll solution, and you'll never lose control of your travel policy again.



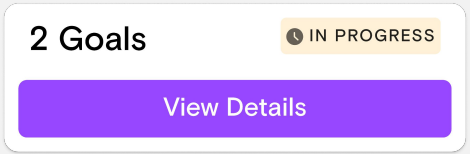
PERFORMANCE MANAGEMENT

THE WORK LIFE PLATFORM

PERFORMANCE MANAGEMENT

Schedule review cycles and set your employees up for success

Establish Objectives	Improve Performance	Hold People Accountable
Set and track attainable goals that meet the requirements of your individuals and teams, in line with obtaining your organization's mission and strategy.	Keep your employees teams, and, ultimately, organizations on track to meet with objectives.	Linking your performance objectives to reward your employees and map their career progression paths.

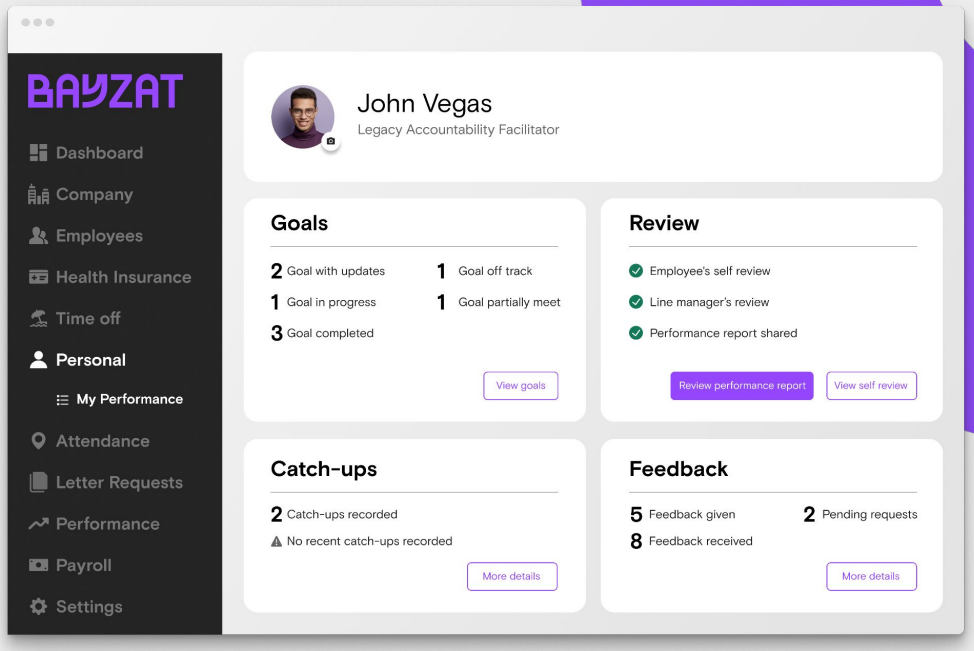


THE WORK LIFE PLATFORM

PERFORMANCE MANAGEMENT

Set easy and trackable goals for your employees to smash!

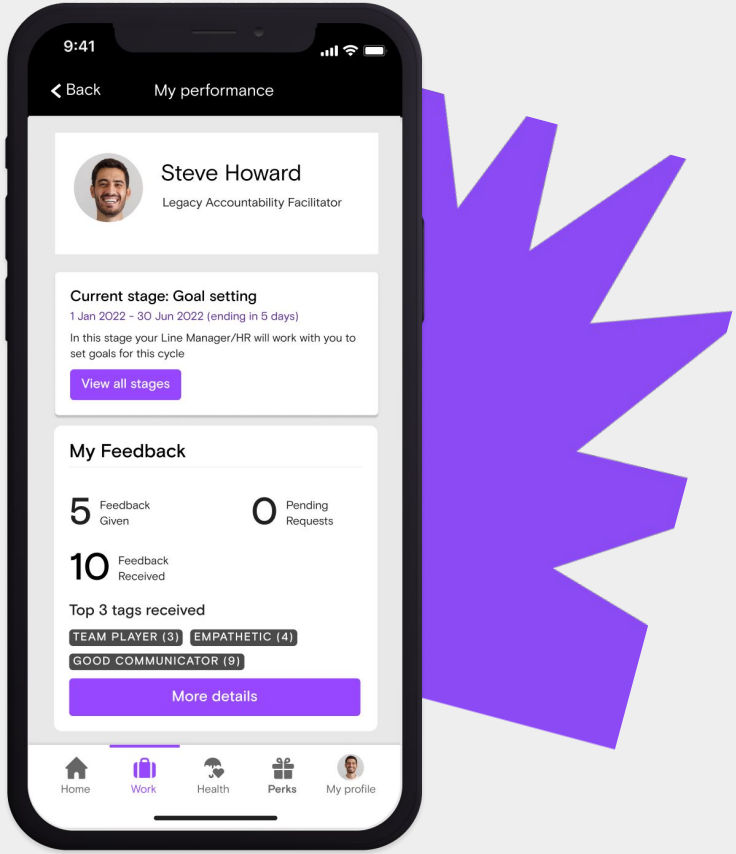
Create a culture of continuous improvement & growth by making sure all your employees are participating in the performance cycle.



THE WORK LIFE PLATFORM

PERFORMANCE MANAGEMENT

- You and your employees can set goals (KPI's), monitor their progress, and receive real-time notifications through our Bayzat app
- Employees can participate in self-evaluation processes and you can encourage them to track their progress and evaluate their goals
- Employees are given timely feedback through automated reminders, get one-on-one support and you can give them guidance where needed



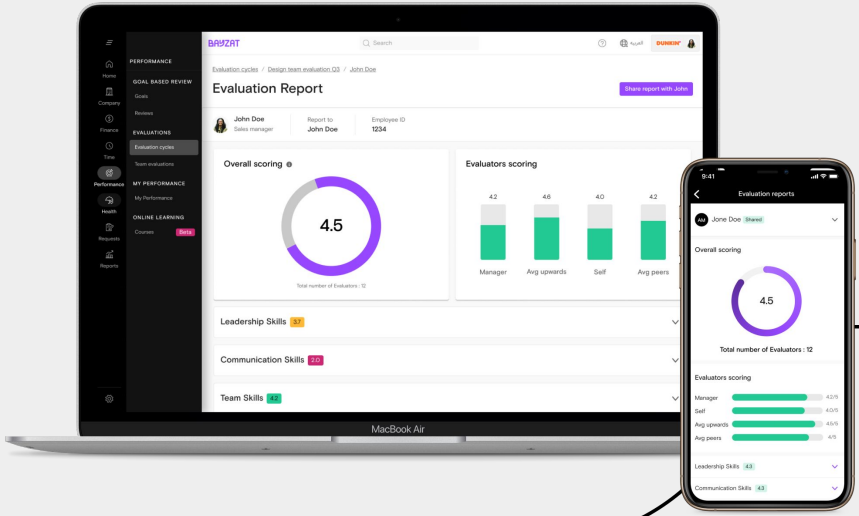
PERFORMANCE MANAGEMENT

EVALUATIONS

Harness the power of 360 feedback to deliver invaluable insights.

- Use customized evaluation forms to assess the skills that count
- Peers and line managers can provide feedback on any colleagues progress
- Send automated and manual reminders for each performance cycle
- Capture all the performance data on a single platform

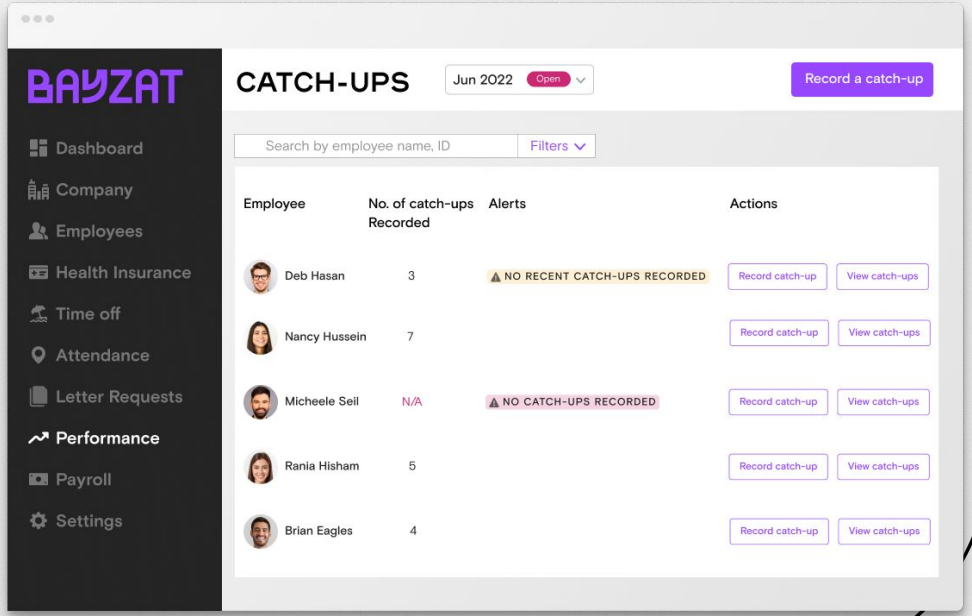
Easily identify your top performers, shape their learning and development efforts to drive employee growth and close any skill gaps.



PERFORMANCE MANAGEMENT

CATCH UPS

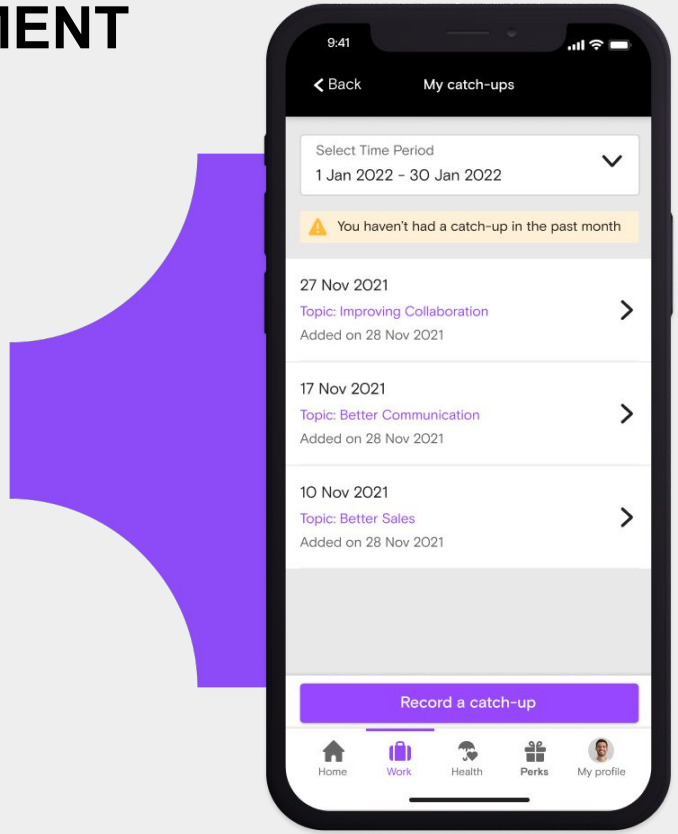
Create meaningful conversations by catching up with your employees on a regular basis.



PERFORMANCE MANAGEMENT

CATCH UPS

- Encourage your line managers and employees to have frequent 1:1's to check-in and track their progress
- Create a structure to provide meaningful feedback to your team members
- Make sure your teams are aligned on their goals and the steps needed to get there
- Provide more guidance to your employees by giving constructive feedback
- Gain transparency in your performance review process



PAYROLL

THE WORK LIFE PLATFORM

PAYROLL

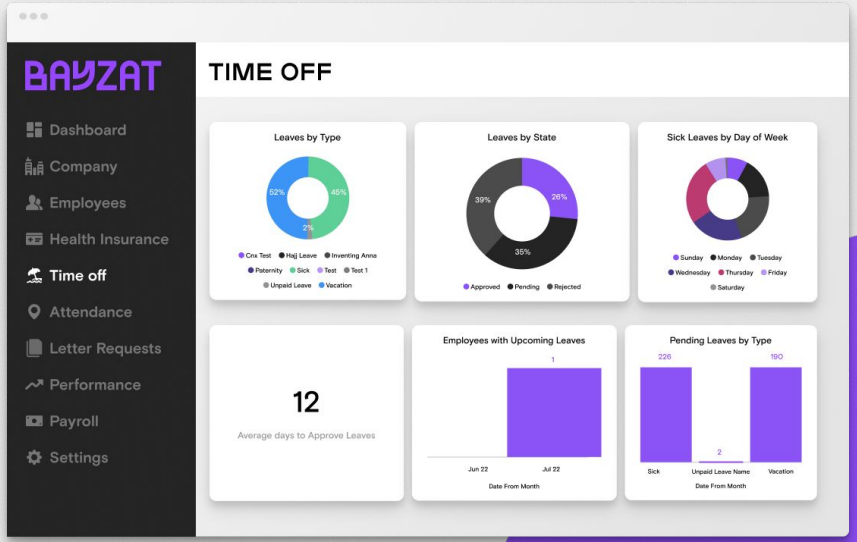
Subscribe to Bayzat's additional reporting and insights and we will send monthly updates on the usage of your work life platform.

- Easily see which features are currently being used by your management teams as well as employee engagement rates
- Make informed decisions based on summaries such as total expense claims, trends on leave policies, tracking employee wellness and more



FINANCE

THE WORK LIFE PLATFORM

FINANCE

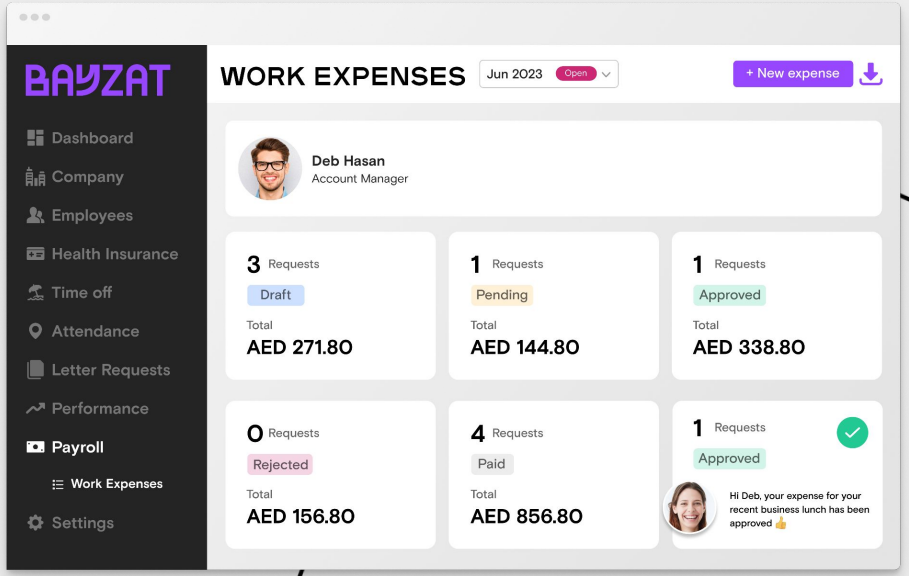
Tailored For UAE Companies

Efficiency	Insights	Harmony	Compliance
Automate your key financial processes, so your team can focus less on mundane processes and more on analysis and action.	Transform your data into insights. Gain a deeper understanding of your financial landscape, so you can easily influence the key financial drivers in your business.	Bring harmony to your financial operations with Bayzat's seamless integration to your current systems. We want to work in sync with your accounting systems to centralize your key data and maximize value.	Our solutions make compliance easier. You'll get a comprehensive audit trail by documenting every transaction and empowering you to proactively manage your risk.

EXPENSE MANAGEMENT

Keep track of work expenses and repayments across your business without the paper trail.

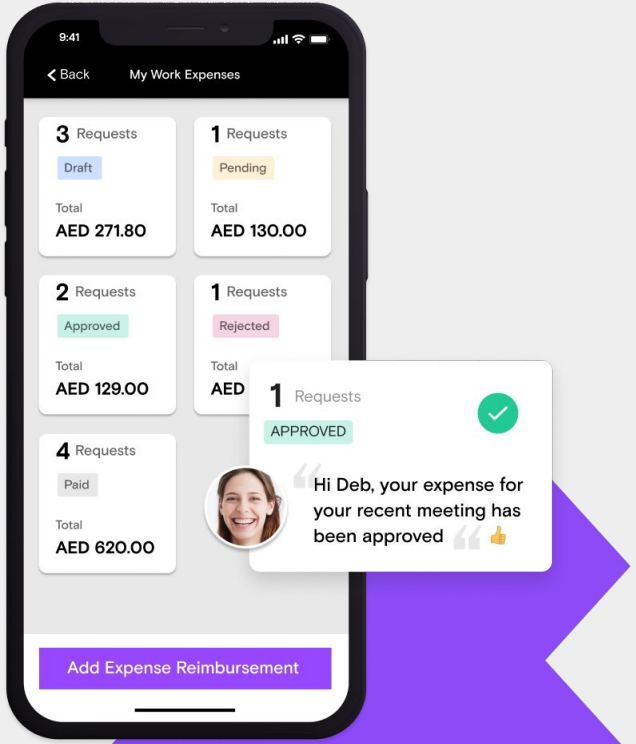
Expense reimbursements often cause major headaches for employers and employees alike. We get it.



THE WORK LIFE PLATFORM

EXPENSE MANAGEMENT

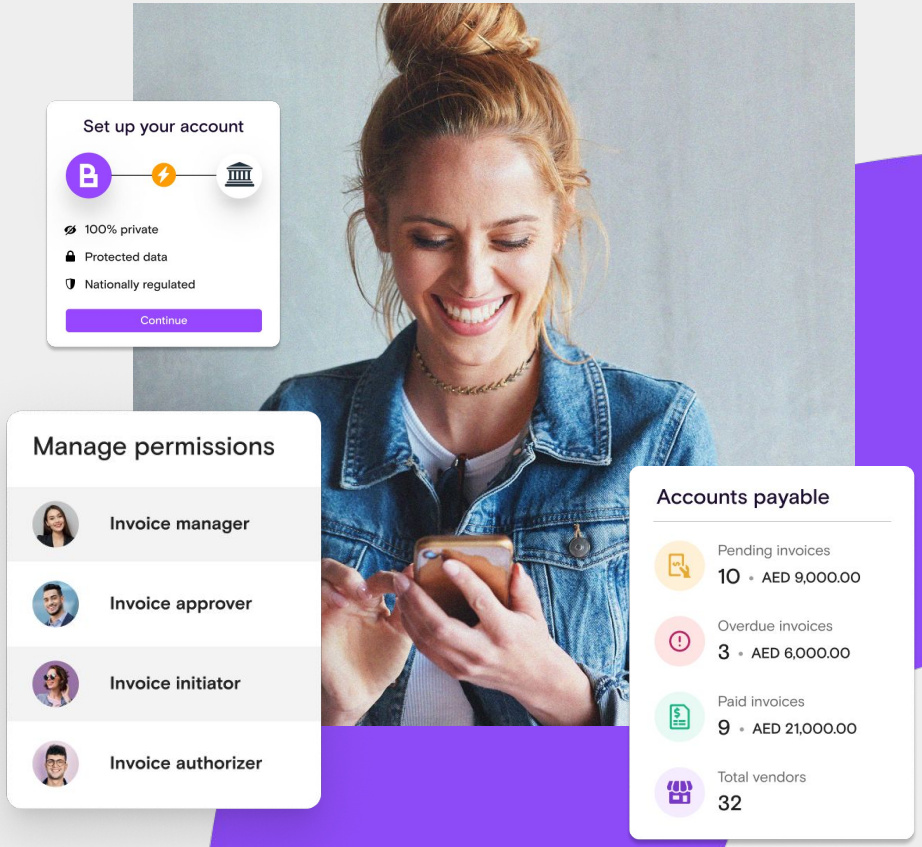
- Our OCR technology automatically reads and picks up information from receipts enabling employees to simply snap a picture of their receipt and upload it to the Bayzat app
- Ability to submit work expenses in multiple currencies
- Set up your own custom chain of approvals within the platform
- Work expenses can be viewed and actioned by any number of admins or line managers
- Work expenses is completely integrated with our payroll management solution. Once a work expense has been approved, it will automatically be added to that employee's payroll amount for the end of month ready for your review and approval



ACCOUNTS PAYABLE

Simplify account payables for timely payments and stronger cash flow management

Say goodbye to the hassle—this game-changer streamlines invoices, handles payments like a pro, and keeps vendors in check. Get ready for efficient, accurate, and right-on-time payments!



THE WORK LIFE PLATFORM

ACCOUNTS PAYABLE

Automated Invoice Handling:
Automatically capture and process invoice data from various sources, reducing manual data entry.

Customizable Approval Workflows:
Create tailored approval processes to ensure invoices are properly routed for approval.

Electronic Payment Processing:
Facilitate electronic payments, expediting the payment process.

Document Management:
Securely store and easily retrieve financial documents, reducing the risk of data loss.
